## PRODUCT BULLETIN

# ATD LAVATORY DEODORIZER

## Concentrated Aircraft / Marine Lavatory Deodorizer

### General Description

**ATD Concentrate** is a toilet deodorant additive specifically formulated for aircraft lavatory use. The product meets all requirements of the Aerospace Material Specifications (AMS 1476B) standard for such products. **ATD Concentrate** is also suitable for use in rail, mass transit, marine, recreational vehicle and portable toilet applications. **ATD Concentrate** contains no OSHA hazardous ingredients.

**ATD Concentrate** is a high performance product that provides long lasting odor control. **ATD Concentrate** is a highly concentrated product that provides a deep blue color that is non-staining and pleasantly scented. **ATD Concentrate** meets Aerospace Material Specifications AMS 1426B standards and is safe to use; non-toxic (non-formaldehyde), non-flammable, and not corrosive to aircraft metals. **ATD Concentrate** is environmentally friendly and contains no Volatile Organic Compounds (VOC's), no Hazardous Air Pollutants (HAPS), and no SARA Title III reportable materials. **ATD Concentrate** is bio-based and readily biodegradable.

### Application

For best results, dilute 1 part **ATD Concentrate** with 128 parts water. This is equivalent to 5 fluid ounce of **ATD Concentrate** in 5 gallons of water. Add the diluted solution to the recirculating toilet or holding tank. For winter use, **ATD Concentrate** may be mixed with glycol solutions to prevent freezing.

### Physical Properties

Color	Dark Blue
Odor	Sweet
Water Solubility	100%
Density	8.50 lbs./gallon
pH Concentrate / Diluted	8.50 / 7.00

### Availability

**ATD Concentrate** is available in UN approved 1 gallon containers, 5 gallon pails, 55 gallon drums and bulk quantities.

### Handling

Observe warning label on containers. Normal precautions for industrial chemicals apply.
