PRODUCT BULLETIN

HOUSE PREP

House / Travel Trailer / Mobile Home Cleaner

General Description

HOUSE PREP is an extremely effective moderate foaming liquid cleaner/degreaser designed for a broad range of applications with special emphasis on residential home and motor vehicle cleaning and maintenance. With a pH below 12.5 when diluted with water, **HOUSE PREP** will not harm the painted or aluminum surfaces, and is safe to use on any surface not harmed by water. It is biodegradable, nontoxic and nonflammable and leaves no residue after rinsing. **HOUSE PREP** is perfect for cleaning brick, vinyl or aluminum siding, painted wood and concrete. **HOUSE PREP** is formulated with mildew and fungus removal agents.

Application

HOUSE PREP is a concentrated cleaner that should be diluted with water for best cleaning results. The dilution rate depends on the environmental conditions and soil load at the job site. Suggested dilutions range from 10 to 40:1. **HOUSE PREP** is most effective when used with hot water, however, use with ambient is acceptable with slight increases in the detergent concentration. Pre-wet the surface to be cleaned and apply cleaner from bottom to top only wetting enough area that can be cleaned before product dries. Pressure washes clean.

Physical Properties

Color	Blue
Odor	Odorless
Solubility	Water
Specific Gravity	1.01
Density	8.4 lbs./gallon
Flash Point	None
pH	< 12.5 at dilution

Availability

HOUSE PREP is available in UN approved 55 gallon drums and bulk quantities.

Handling

Observe warning label on containers and MSDS. Normal precautions for industrial chemicals apply.
