

## PRODUCT BULLETIN

# ELECTRO CLEAN-2C

## Safety Cleaning Solvent

### General Description

**ELECTRO CLEAN-2C** is an safety solvent made especially for generator and electrical motor cleaning and degreasing. With its high evaporation rate and no residual, **ELECTRO CLEAN-2C** will have no deleterious effect on the equipment being cleaned. **ELECTRO CLEAN-2C** is effective for cleaning stainless steel oxygen lines and for cleaning stainless steel prior to welding.

**ELECTRO CLEAN-2C** may be used on grease, oil, hydrocarbons, paraffins, and resins. It is nonflammable, non-corrosive and nonconductive; it is self-evaporation at ambient temperatures and it does not leave a residue.

### Application

Apply as a spray or a wipe. Spray undiluted on all parts for best results. **ELECTRO CLEAN-2C** may be diluted with common aliphatic solvents such as diesel or kerosene for economy.

### Physical Properties

Specific Gravity	1.47
Dielectric Strength	30,000
KB Value	145
Boiling Point	> 150B F
Flash Point	None

### Availability

**ELECTRO CLEAN-2C** is available in UN approved 5 gallon pails, 55 gallon drums and bulk quantities.

### Handling

Observe warning label on containers. Normal precautions for industrial chemicals apply.
