PRODUCT BULLETIN

MUL SPEC 1500 DM

Solvent Cleaner

General Description

MUL SPEC 1500 DM is a combination of aliphatic, aromatic and natural organic oils specially formulated to be used in degreasing and chemical processes.

MUL SPEC 1500 DM contains a proprietary surfactant package that greatly accelerates the penetration of cleaner into soils and allows for emulsification of oily soils into a water phase.

Application

MUL SPEC 1500 DM is excellent as a pipe thread cleaner, degreaser in closed circulation systems or a bulk degreaser in cleaning process vessels. **MUL SPEC 1500 DM** is very effective for cleaning asphaltine type contamination.

Physical Properties

Color	Clear to Light Amber
Odor	Mild Solvent
Specific Gravity	.925
Flash Point	> 150° F
Boiling Point	290° F - 330° F

Availability

MUL SPEC 1500 DM is available in UN approved 5 gallon pails, 55 gallon drums and bulk quantities.

Handling

Observe warning label on containers. Normal precautions for industrial chemicals apply.
