PRODUCT BULLETIN

POWERHOUSE

Heavy Duty Cleaner

General Description

POWERHOUSE is a biodegradable, non-caustic, water-based blend of nonionic detergents, solubilizers, chelators, penetrants and builders designed for general cleaning of all surfaces not affected by water. Depending upon the degree of its dilution with water, **POWERHOUSE** is an excellent cleaner and oil emulsifying degreaser. **POWERHOUSE** is ideally suited for degassing and decontaminating barges, ships, tanks, vats and for all engine room maintenance.

Application

POWERHOUSE is highly concentrated and should be diluted with water for best results:

For engines and equipment heavily coated with oil/grease: use 1 part **POWERHOUSE** to 2 parts water.
For fresh oil spills and daily clean-up: use 1 part **POWERHOUSE** to 5 parts water. For light cleaning use 1 – 4 ounces **POWERHOUSE** to 1 gallon of water.

Physical Properties

Color	Green
Odor	Mild
Specific Gravity	1.030
Density	8.56 lbs./gal
pH	< 12.5
Flash Point	None
Soluble	Infinitely Soluble in Water

Availability

POWERHOUSE is available in UN approved 5 gallon pails, 55 gallon drums and bulk quantities.

Handling

Observe warning label on containers. Normal precautions for industrial chemicals apply.
