PRODUCT BULLETIN

DG-44

Biodegradable Alkaline Degreaser

General Description

DG-44 is an alkaline, water-based degreaser formulated from nonionic surfactants, chelators and penetrants, designed for general cleaning of all types of surfaces that are not affected by water. **DG-44** is an excellent oil emulsifying degreaser with strengths varying with the degree of dilution with water. **DG-44** is excellent for degreasing and decontaminating barges, ships, vats and all engine room maintenance, truck bodies and engines, stationary and portable equipment, and trailers.

Application

DG-44 can be applied by almost any means including mops, rags or spray equipment. Always allow solutions to penetrate before rinsing. Do not allow cleaning solutions to dry on surfaces before hosing or washing off.

Dilutions

DG-44 is a concentrated cleaner and should be diluted for best results as follows:

Heavy	1 part DG-44 to 3 parts water
Medium	1 part DG-44 to 5 parts water
Light	1 part DG-44 to 10 parts water

Availability

DG-44 is available in UN approved 5 gallon pails, 55 gallon drums and bulk quantities.

Handling

Observe warning label on containers. Normal precautions for industrial chemicals apply.
