PRODUCT BULLETIN

SPEC SOL 570A

Fast-Evaporating Industrial Degreaser

General Description

SPEC SOL 570A is designed for use when extremely fast evaporation and no residue after cleaning is desired. Use as an effective solvent degreaser alternative to chlorinated solvents for removing oil, grease, tar, dirt, and lubricants.

SPEC SOL 570A is non-corrosive, will remove dirt, oil and grease without leaving a residue, is non-conducting, and does not attack any metals. **SPEC SOL 570A** is a flammable liquid and should be used away from open flames or sparking sources.

Application

SPEC SOL 570A should be used as received. The product should be used in a well ventilated area. **SPEC SOL 570A** may be disposed as a waste oil in accordance with local EPA regulations.

Physical Properties

Physical Form	Thin, solvent-based liquid
Color	Colorless
Odor	Mild solvent
Density-Specific Gravity	6.25 lbs/gal.
Dielectric Strength	19,000 volts (ASTM-D877)
Solubility in Water	Negligible
Flash Point (TCC)	Less than 0°F

Availability

SPEC SOL 570A is available in UN approved 5 gallon pails, 30 and 55 gallon drums and bulk quantities.

Handling

Observe warning label on containers. Normal precautions for industrial chemicals apply.
